Protection From Autumn Rains!

One of the best all-round garments made is the "Cravenette," or Rain Coat. Any suitable fabric may be cravenetted, which is a chemical process making any cloth waterproof. This gives the wide range of attractive fabrics which are made into "Sincerity" Rain Coats. Men who pride themselves on the correctness of their attire consider this garment necessary for wear in rainy weather alone. But it serves the double purpose of being equally as good for cool, sunshiny days or a protection against rain. Our "Sincerity" Rain Coats range in price from **\$10.00 to \$20.00.** They are skeleton lined with inside tailoring to give them permanence of shape in the collars, shoulders and front.

"Sincerity" Suits and Overcoats!

We have a great line of these garments this season. We aim to constantly better our service and be "different," and as far as the claim of "best" is concerned we are willing that you make a comparison of values and prices.
